

Kia ora,

Dental Planet is pleased to offer your child access to **FREE** basic dental care – available to all eligible students from Year 9 until their 18th birthday.

Our service is provided **on-site at school**, making it an easy, seamless option for busy families and helping students receive care without disrupting their learning. If your child is not yet enrolled with a dental provider, this is a great opportunity to ensure they have reliable, convenient access to high-quality dental care throughout their high school years.

What is your child entitled to?

Eligible students can receive a full range of free basic dental services, including:

- Examinations
- Radiographs (if required)
- Preventative care such as fluoride application, fissure sealants, and scale and polish
- Restorative treatment (white fillings)
- Non-orthodontic extractions
- Oral health education, including a FREE Oral Health Kit

Our experienced team is committed to making dental care accessible, friendly, and stress-free for every family joining our school communities. Additionally, year-round support and appointments are available if required when our team is not on-site.

We look forward to partnering with you to support your child's health and their brightest smile in the years ahead.
